## **Logan County Democrats Salute the Logan County Fair!**

**As Abraham Lincoln reminds us, our American democracy should be a government of, by and for the people.**

**Today Americans need to:**

- honor the popular vote so that the majority rules,**
- remove dark money from campaigns,**
- protect our environment,**
- ban gerrymandering,**
- protect the privacy rights of individuals,**
- and respect the basic rights of women and minorities.**

**Democrats stand for these values. We work to understand the issues, vote our consciences, agitate for positive change, and listen and act cooperatively.**

**We have a long distance to go on these tasks, and with regard to climate change we have very little time.**

**Democracy is a long-term project. We've got to fight for it.**
